The U.S. Route 6 Tourist Association is a Not-for-profit IRS 501 (c) (3) Corporation dedicated to the cultural preservation and economic development of inner cities, small towns and rural communities located along all 3,652 miles of the Grand Old Highway.

As a result of the Interstate Highway system that was established in 1956, hundreds of small towns and rural communities are now being bypassed. Many of the towns simply no longer exist, and for those that remain the struggle to survive has been great.

One of our goals is to create jobs for the unemployed and underemployed, and new career opportunities for graduating high school and college students.

Student Interns will have the opportunity to work with professionals in the fields of economic development, cultural preservation, land use planning, marketing, website design, audio-visual productions, etc. Students will play a major role in the development of the Association, and hopefully takeover all administrative activities.

C. STUDENT INTERN OPPORTUNITIES:
